

## **IMPORTANT - PLEASE READ!**

As the Corona virus dominates the local and national news it is our intention at Latina to do our very best to have little to no service interruption to our loyal customers.

We are taking the situation very serious and are monitoring the ever changing restrictions and mandates daily.

As news becomes available, we will share.

We are in communication with our vendors and expect business as usual with inbound freight. We will be increasing inventory levels on items we anticipate a possible spike, like gloves and carry out containers of all kinds.

If you have any questions or concerns please let us know.

More information from the National Restaurant Association and the CDC is below.
